

Determining the added value in your listings.

August 15, 2016

9 - 11 AM

In addition to holding the GREEN designation since 2008 Jeannette Moore is also a certified EcoBroker and has served on the Board of the Florida Green Building Coalition (FGBC) since 2009, representing the Real Estate Division.

Broker/Owner of Green Florida Properties, she is one of three certified NAR GREEN Instructors in Florida.

Join Jeannette in the first of a 4-part series exploring the extra value you can add to a listing just by entering green data into the MLS fields. Gain knowledge and get comfortable while learning more about the green data fields and preview the new Green Seller's Disclosure Jeannette created (approved by NAR Green Resource Council) to put the burden of proof on your Sellers.

Call or email Lise' at the Board office to reserve your seat for the first session on Monday, August 15th from 9-11 AM.
